

Home Page – Showing total purchase + smart alert system and also wastage chart of paper since it is the most expensive raw materials for a newspaper company

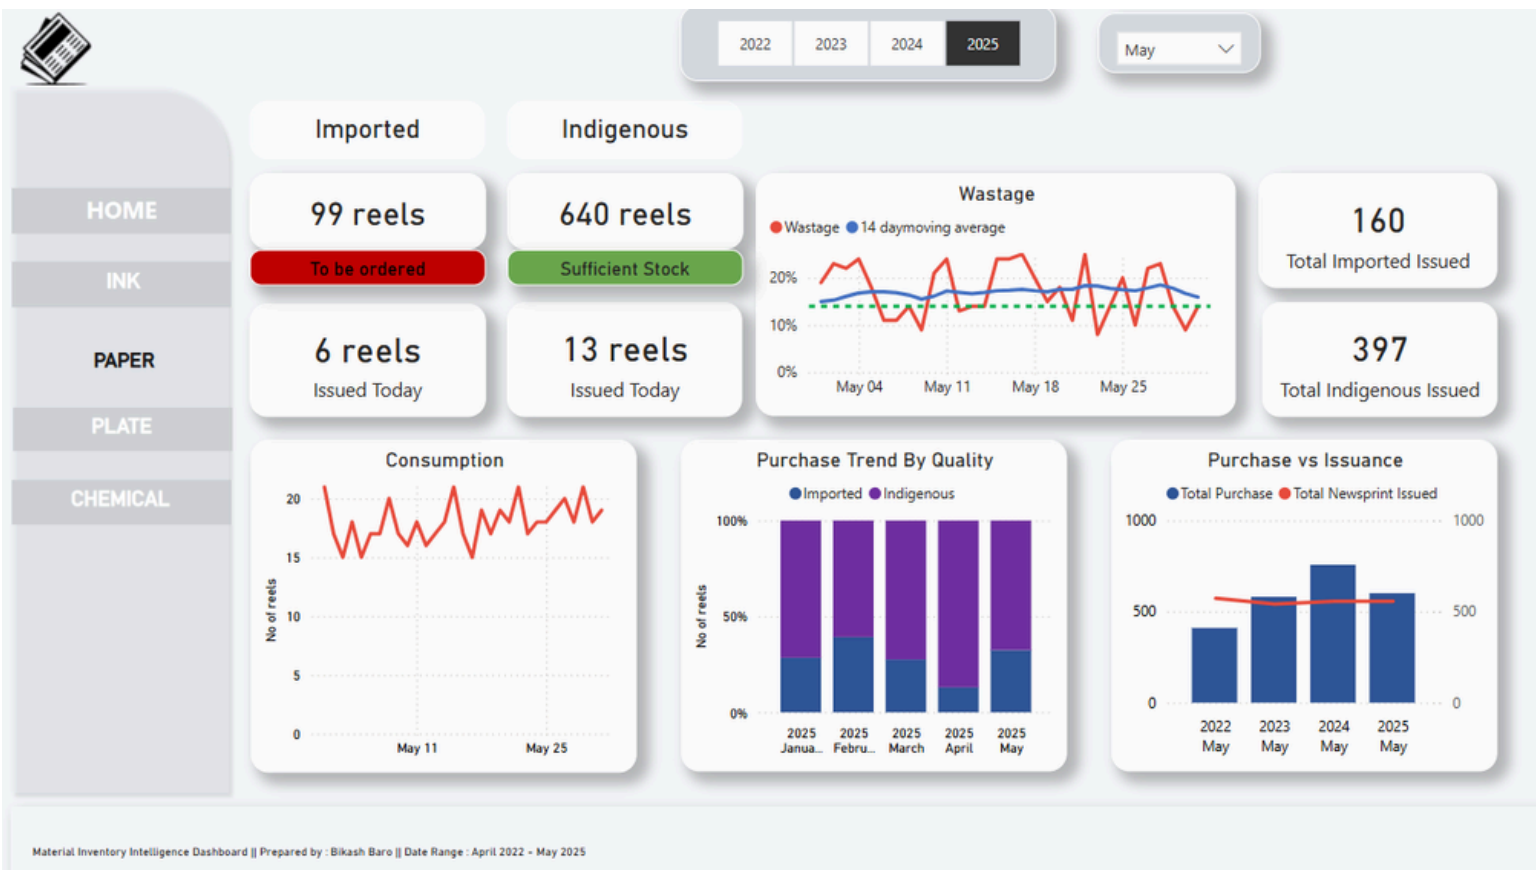

KPI cards for stock, daily usage, and average consumption of each ink type (Cyan, Magenta, Yellow, Black)

Interactive toggle buttons switch between ink views dynamically

Conditional formatting on KPI cards adjusts the card color to match the ink selected

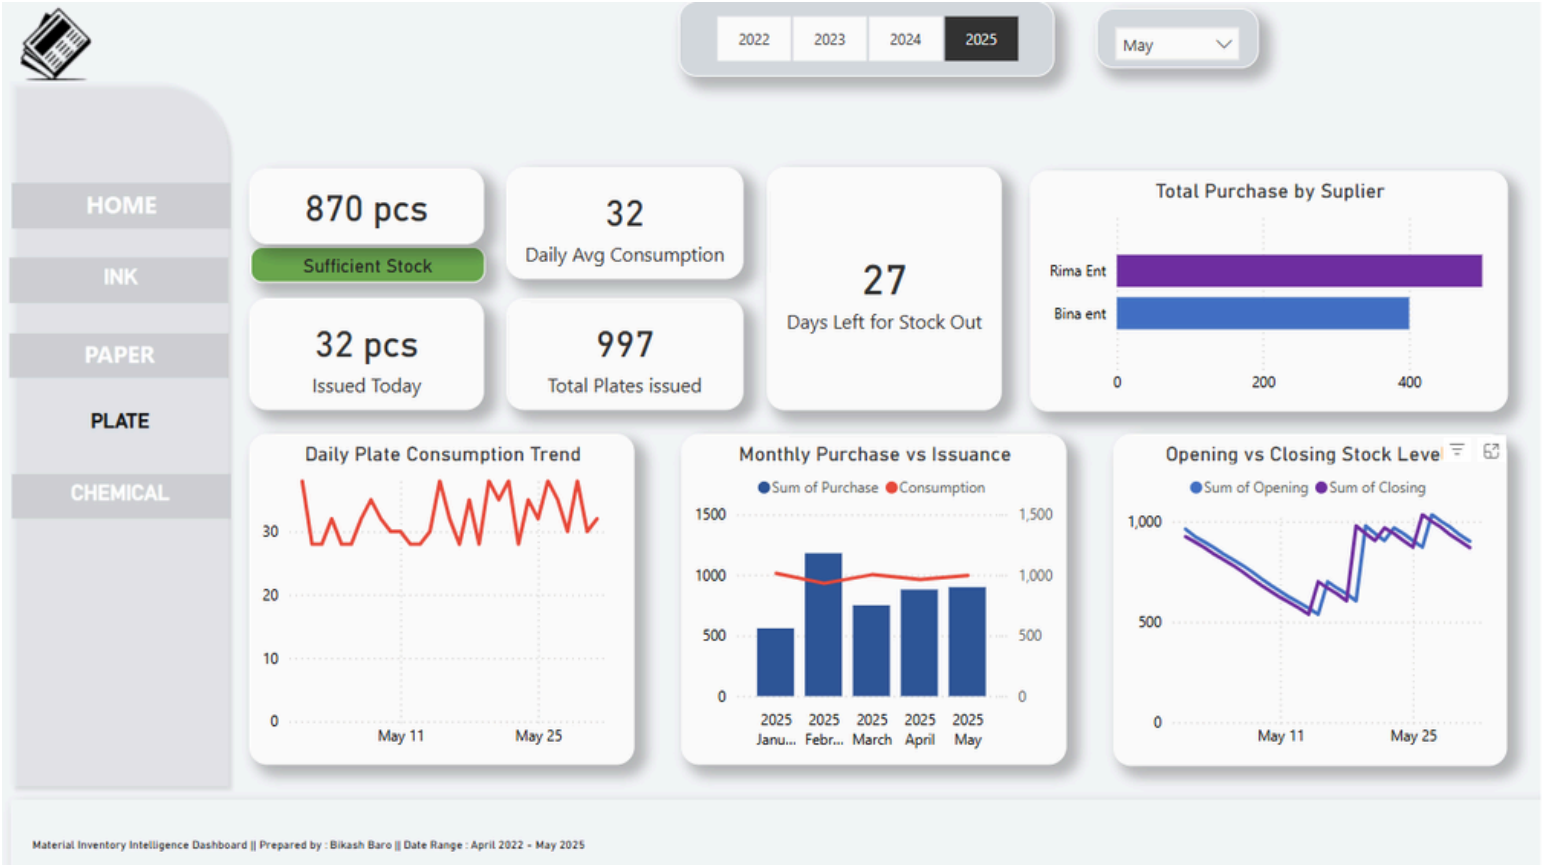

Includes Low Stock Alert Cards for ink, a daily consumption line chart, and a purchase vs issuance comparison

Shows Indigenous vs Imported paper stock, usage, and wastage

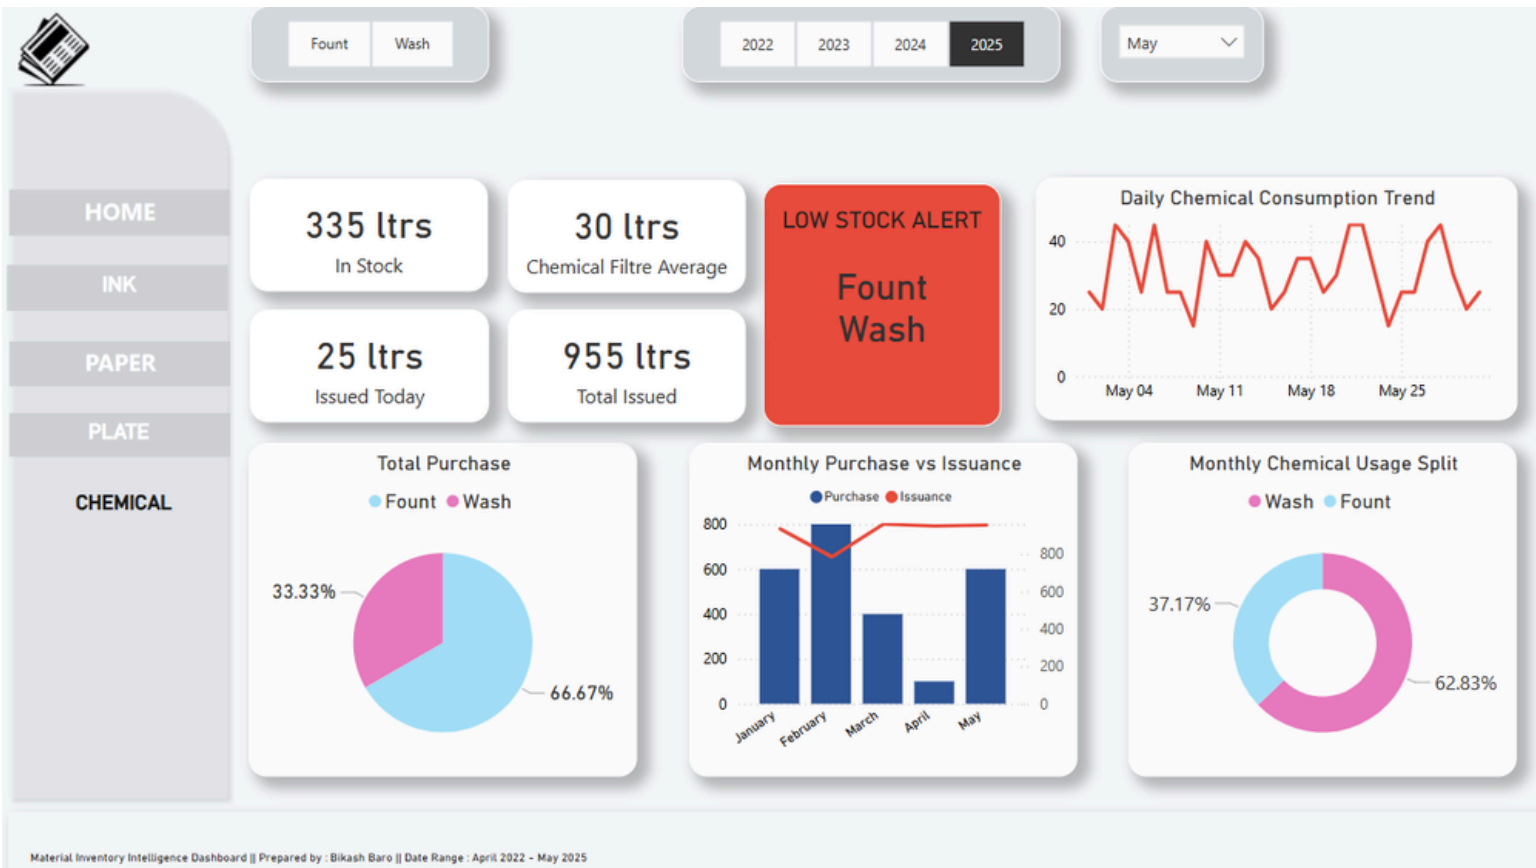

Added wastage % metric with threshold lines and moving average tracking

Helps pinpoint operational inefficiencies and reduce costly losses

## Tracks Plates

Displays daily usage, closing stock, and reorder status clearly

Tracks chemicals

Displays daily usage, closing stock, and low stock alerts
